Gas height-adjustable lava stone grill fry top with open compartment 9 Kw 40x70x85h cm

Description

Height-adjustable lava stone grill fry top, stainless steel frame. Knobs made of athermal material with functional serigraphy on the edge. Heating by means of a two-branch stabilised flame burner. Equipped with a safety gas tap that allows the power to be adjusted from maximum to minimum. Safety ensured by a thermocouple kept active by the pilot burner flame. Movable stainless steel meat grill supplied. Food support grill can be positioned at two different heights, even during service. Inclined and facing grease drain hole, connected to a large capacity container below the cooking surface. A small drawer to collect dust from burning lava stone supplied. A 5 kg lava bag supplied. Moulded AISI 304 stainless steel worktop with large radius rounded edges for easy cleaning. Laser-cut worktop finish to ensure a "head-to-head" connection between tops and binding of tops to each other. Tested with methane or LPG gas according to user requirements. Height-adjustable stainless steel feet.
